1. Important Informations

1.1. Preface

All the information provided in the Movicon documentation is based on the assumption that the following points have been reviewed:

- All the illustrations in this guide refer to the software version indicated in the documentation with Windows™32/64 bit platform.
- Windows refers to the registered Microsoft inc. trademark for the 32/64 bit and successive versions.
- Ms Access, SQL Server and Azure refer to registered Microsoft inc. products.
- Platform.NExT™ and Movicon.NExT™ refer to software products developed by Progea and protected by the international Copyright laws.
- Any other product or trademark cited whether registered or protected by proprietary rights.
- Windows has been installed correctly in system. For further information relating the installation procedures, please consult the appropriate sections in the Windows "Introduction Guide".

Important

All the information contained in this guide is subject to modification without prior warning due to system updates.

1.2. Mouse and Keyboard Conventions

Movicon uses the standard Windows techniques as regards to Copy, Paste, Dragging, Multiple Selection and other functions normally used for managing projects.

This documentation is written on the assumption that the user is already equipped with the following:

- Familiarity with the techniques used in the Ms Windows operating system
- Mouse and keyboard technique know-how
- Knows the standard editing techniques such as copy&paste, menus, right mouse key, drag&drop, cancel & restore, multiple selection, controls and general use of the standard Ms Windows user interface
- Know-how of the automation systems where product is to be deployed and the hardware used by the user

1.3. Copyright

ConnexT© and Movicon NExT© are software products and a copyright of Progea. All rights are reserved.

The Movicon™ brand name is a registered trademark of Progea.

Progea srl

Under the copyright laws, this publication shall not be reproduced or transmitted in any form, electronic or mechanical, including photocopying, recording, storing in an information retrieval system, or translating, in whole or in part, without the prior written consent of Progea.

1.4. Warning

Warranty limitations

This software product is not guaranteed for use in conditions where system reliability is in close connection to the safety and protection of persons and property, or where any defects might cause direct or indirect harm and damage to persons or property, such as medical surgery and operation theatres, nuclear power plants, military bases or other. The reliability of each software application, including the present one, may be subjected to alteration deriving and due to several factors, which include power supply, computer hardware problems, operating system malfunction, electrical disturbances, program errors, application and installation errors, overheating, malfunctioning of connected electrical devices, incorrect use and mishandling by user or project designer. All these factors are defined as "system failures" here within this document. Therefore each application where a "system failure" may cause serious damage to objects and people (injury risk or life threatening) should implement security systems that are not based solely on electronic systems, considering the risks of electronic "system failure" as a whole.

Responsibility of the user

It is the responsibility of the user or project designer to verify that the "system" is suitable to the purposes they wish to accomplish. Progea shall not in anyway whatsoever be liable for damages to property or persons as specified in the GUARANTEE LIMITATIONS accepted by user when installing and using software product.

Disclaimer of All Warranties

- PROGEA DISCLAIMS ANY AND ALL WARRANTIES WITH REGARD TO Platform.NExT AND THE RELATED DOCUMENTATION, WHETHER EXPRESSED OR IMPLIED. PROGEA SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF FITNESS FOR A GENERAL OR PARTICULAR PURPOSE, MERCHANTABILITY, SATISFACTORY QUALITY AND THOSE ARISING OUT OF COURSE OF DEALINGS OR USAGE IN TRADE.
- Platform.NExT AND THE RELATED DOCUMENTATION ARE PROVIDED "AS IS," AND YOUR COMPANY UNDERSTANDS THAT IT ASSUMES ALL RISKS OF THEIR USE, QUALITY, AND PERFORMANCE.

Disclaimer of Liability

YOUR COMPANY AGREES AND ACKNOWLEDGES THAT PROGEA SHALL HAVE NO LIABILITY WHATSOEVER TO YOUR COMPANY FOR ANY PROBLEMS IN OR CAUSED BY MOVICON OR THE RELATED DOCUMENTATION, WHETHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL (INCLUDING LOSS OF PROFITS).

Using Script code

Warning: The use of script code in Movicon projects is subject to a LIMITED WARRANTY. The User has complete freedom to manage script when using events and methods of the product and of third party components. However, Progea may not be able to fully guarantee the correct behaviour of the product in the event of using script code in properties or specific events or methods. Therefore Users are strongly advised to always refer to the documentation whenever possible and take preventive measures by checking that the code they intend to use functions correctly. However, Progea does provide a LIMITED WARRANTY for those project functionalities that use VB.NET.

1.5. Waste Disposal

SGLOCK USB dongles must be disposed of in a dedicated Waste Disposal bank according to national waste legislation and regulations. The symbol shown on the SGLOCK dongle indicates that this item must be disposed of in a "separate waste disposal bank".

Therefore users must use their nearest waste disposal facilities provided by the local authorities or hand it in to their local dealers when purchasing another of its kind. Waste disposal collection and the following treatment, recovery and disposal operations enables the manufacturing of devices with recycled materials and environmental protection against any negative effects and health hazards caused by improper disposal. Any improper disposal of this device by the user will be subject to legal sanctions under Article 254 and pursuant Legislative Decree no. 152 of April 3 2006.

Pursuant to art. 13 of Legislative Decree of 25th July 2005, n. 151 "Implementation of Directives 2002/95/EC, 2002/96/EC and 2003/108/EC concerning the reduction of using hazardous substances in electrical and electronic equipment and waste disposal".
